FAOC**

## FAOC OUTLET PLASTIC BOX

FAOC products are plastic wall boxes that allow the assembly of fiber adapters by combining connectorless drop cables with fast connectors inside buildings or flats. The port side of the adapter without connector provides access to the modem with appropriate patchcord cables. The product material selection has been made in a way that is not affected by fiber cleaning chemicals and environmental influences. It is aimed to keep the product life at the maximum level.

### Specifications

Order Code	Dimensions HxWxD(mm)	Cable Ports	Fiber Fusion Capacity	Connector Capacity
ALF-FH-108-B	105.6x82.5x23.3	2 Cable Ports ( max. 6 mm diameter)	1 Splice	1 Faoc Connector
